PSO10	<ul style="list-style-type: none"> • To understand the basic computer application in economics.

Course Outcome

Programme/Class: Bachelor Degree in UG	Year: Third	Semester: V (Paper- I)
Course code: ECOMJ501	Course Title: Indian Economy	
Course Outcome:		
<ol style="list-style-type: none"> 1. The students will come to know the features of Indian economy. 2. The students will learn three sector, primary, secondary and territory sector of the economy. 3. The students will know the various government run poverty alleviation and employment Programme. 		

Programme/Class: Bachelor Degree in UG	Year: Third	Semester: V (Paper- II (a) Elective)
Course code: ECOMJE501	Course Title: Basic of Labour Economics	
Course Outcome:		
<ol style="list-style-type: none"> 1- The students will learn the importance of Labour economics. 2- The students will get familiar with characteristics of industrial Labour. 3- Students will come to know about legislation and Labour unions. 4- The students will learn social security and Labour welfare measures for Labour. 		

Programme/Class: Bachelor Degree in UG	Year: Third	Semester: V (Paper- II (b) Elective)
Course code: ECOMJE502	Course Title: Basic of Agricultural Economics	
Course Outcome:		
<ol style="list-style-type: none"> 1- The students will come to know the basics of agriculture and rural economics 2- The students will get familiar with land distribution and agriculture production. 3- Students will learn the diversification in agriculture and about agricultural finance. 		

Programme/Class: Bachelor Degree in UG	Year: Third	Semester: V (Paper- II (c) Elective)
Course code: ECOMJE503	Course Title: Basic of Demography	
Course Outcome:		
<ol style="list-style-type: none"> 1- The students will come to know the population growth and economic development. 2- The students will come to know about migration and its features. 3- Students will be able to understand the concept of demographic development of India. 		

Programme/Class: Bachelor Degree in UG	Year: Third	Semester: V (Paper- II (d) Elective)
Course code: ECOMJE504	Course Title: Basic of Quantitative Techniques in Economics.	
Course Outcome:		
<ol style="list-style-type: none"> 1- The students will learn the basic concepts of Mathematical economics. 2- Students will be able to use the mathematical tools and methods in economics. 		

Programme/Class: Bachelor Degree in UG	Year: Third	Semester: V (Paper- III (Compulsory))
Course code: ECORP501	Course Title: Field Survey	
Course Outcome:		
<ol style="list-style-type: none"> 1- The students will learn the practical and empirical knowledge of Economics through field survey in any topic. 2- Students will be able to use different tools and methods to know the behavioral knowledge of market. 		

Programme/Class: Bachelor Degree in UG	Year: Third	Semester: VI, PAPER- ONE
Course code: ECOMJ601	Course Title: <u>Economic Growth & Development</u>	
Course Outcome:		
1- Students will be able to understand the development theories along with conceptual issues in growth and development.		
2- Students will understand the Demographic development of India and its demographic features and HDI.		

Programme/Class: Bachelor Degree in UG	Year: Third	Semester: VI (Paper-II (a) Elective
Course code: ECOMJ601	Course Title: History of Economic Thought

Course code: ECOMJ602	Course Title: Basics of Industrial Economics	
Course Outcome:		
1. The students will come to know about Industrial process, growth of firms and process of Innovation.		
2. The Students will learn about Rationalism and effects of Globalization on industry		

Programme/Class: Bachelor Degree in UG	Year: Third	Semester: VI (Paper- II (c) Elective
Course code: ECOMJ603	Course Title: Economy of Uttarakhand	
Course Outcome:		
1. This course introduces about economy of Uttarakhand and its demographic features		
2. The Students will learn about Agriculture and Industrial profile in the economy of Uttarakhand.		
3. The students will come to know about various Poverty Alleviation Programme in Uttarakhand		
4. The students will come to know about various Employment Generation Programme in Uttarakhand		

Programme/Class: Bachelor Degree in UG	Year: Third	Semester: VI (Paper- II (d) Elective
Course code: ECOMJ604	Course Title: Basics of Computer Application in Economics	
Course Outcome:		
1. The Students will come to know about various devices related to computer system.		
2. The Students will learn about number system used in the computer system.		
3. The students will familiar with various types of computer application software's.		
4. The students will come to know about word processing software and internet.		

Programme/Class: Bachelor Degree in UG	Year: Third	Semester: VI (Paper- III Compulsory)
Course code: ECORP601	Course Title: Research Project	
Course Outcome:		
1. The Students will come to know about Primary as well as Secondary data collection.		
2. The Students will learn about behavioral aspects of Economics through project work.		
3. The students will familiar with various types of data collection tools & techniques.		
4. The students will come to know the basics aspects of project work and use theoretical knowledge in the research work.		

Course Outcome of Minor Electives Paper- For Another Faculty

Programme- Certificates Course in Fundamentals of Economics	Year: One	Semester: 1 or 2 (Elective)
Course code: ECOMIE101	Course Title: Fundamentals of Economics	
Course Outcome: <ol style="list-style-type: none">1. The Students will come to know about basic concept of Economics.2. The Students will learn about basic of Micro and Macro Economics.3. The students will familiar with various economics system.4. The students will learn about banking and public Finance system.		

Programme- Diploma in Economics	Year: Two	Semester: 3 or 4 (Elective)
Course code: ECOMIE101	Course Title: Indian Economy & economy of Uttarakhand	
Course Outcome: <ol style="list-style-type: none">1. The Students will come to know about Fundamentals of Indian Economy.2. The students will familiar with basics of Economy of Uttarakhand.		

Course Outcome of VOC Subject In Economics

Vocational Course- 01

Programme- Certificate Course in Economics	Year: one	Semester: 1 Paper-1 VC
Course code: ECOVC-01	Course Title: Data Analysis- 1	
Course Outcome: <ol style="list-style-type: none">1. Building Knowledge and understanding of collection of data and presentation of data for drawing statistical inferences.2. To introduce the students the important data collection sources that is available.3. To train the students to freely use statically tools for the analytical studies.		

Programme- Certificate Course in Economics	Year: one	Semester: II Paper-1 VC
Course code: ECOVC-02	Course Title: Data Analysis- II	
Course Outcome: <ol style="list-style-type: none">1. Building Knowledge and understanding of collection of data and presentation of data for drawing statistical inferences.2. To introduce the students the important data collection sources that is available.3. To train the students to freely use statically tools for the analytical studies.		

Programme- Certificate Course in Economics	Year: Second	Semester: III Paper-1 VC
Course code: ECOVC-03	Course Title: Data Analysis- III	
Course Outcome: <ol style="list-style-type: none">1. Building Knowledge and understanding of collection of data and presentation of data for drawing statistical inferences.2. To introduce the students the important data collection sources that is available.3. To train the students to freely use statically tools for the analytical studies.		

Programme- Certificate Course in Economics	Year: Second	Semester: IV Paper-1 VC
Course code: ECOVC-04	Course Title: Data Analysis- IV	
Course Outcome:		
<ol style="list-style-type: none"> 1. Building Knowledge and understanding of collection of data and presentation of data for drawing statistical inferences. 2. To introduce the students the important data collection sources that is available. 3. To train the students to freely use statically tools for the analytical studies. 		

Vocational Course-02

Programme- Certificate Course in Economics	Year: One	Semester: I, Paper- II VC
Course code: ECOVC-01	Course Title: Environmental Economics-I	
Course Outcome:		
<ol style="list-style-type: none"> 1. To learn environmental approach to economic problem. 2. To understand complementary view of Environmental Economics. 3. To develop economic tool kit for evaluating applied problems.
